

# Pink Nitrile® Exam Gloves

McKesson Pink Nitrile® exam gloves feature a soft, stretchy material designed to make donning easy by quickly conforming to your hand and while also providing a wide range of motion. The gloves also feature improved tactile sensitivity, grip and fit. Fingertips are textured for decreased slippage during a procedure. Gloves are ambidextrous and non-sterile. They feature a beaded cuff and are available in four sizes.

## Features and Benefits

- Beaded cuff
- Improved conformability provides a high quality fit and extended wear comfort
- Textured fingertips provide tactile sensitivity and dexterity
- Powder-free and non-sterile
- Not made with natural rubber latex

Gloves
