

Fluid-Resistant Procedure Masks with Eye Shield

McKesson procedure masks are designed to be an economical, flat, ear-loop face mask with standard pleats for general patient care applications. These Level 3 fluid resistant face masks with eye shield feature elastic ear loops that stretch for convenient donning, quick removal, and a comfortable fit.

Features and Benefits

- Meets the ASTM requirements for Level 3 barrier protection
- Comfortable, cool, and breathable
- Splash-resistant and anti-fog
- Wrap-around visor provides peripheral protection from splashes
- Stretchable ear-loops provide a personalized fit and make it convenient to use
- Non-sterile
- Not made with natural rubber latex
